#### **EDITOR's Message:**

While I was at the ASHRAE Winter Conference & AHR Expo held Feb 4 - 8, 2023 in Atlanta, GA, I had a goal to have my book signed by the author; Karine Leblanc.

**The book is titled "HOW TO BE HUMAN IN A TECHNICAL WORLD:**

**DISCOVER THE SIX MAGIC SKILLS THAT WILL CHANGE YOUR**

**BEHAVIOR AND YOUR LIFE", and was available at the conference**

**ASHRAE on-site bookstore, as well as at the ASHRAE online bookstore at**

Well, good luck was with me, for seated right in front of me during the Plenary Session was Karine herself! As soon as the session was over I asked Karine to sign my copy, which I just happened to have with me. Not only did she write a very nice message in my book, but she also allowed for a photo op, which you can see from the below photo!

Here is my shameless plug for Karine's excellent book!

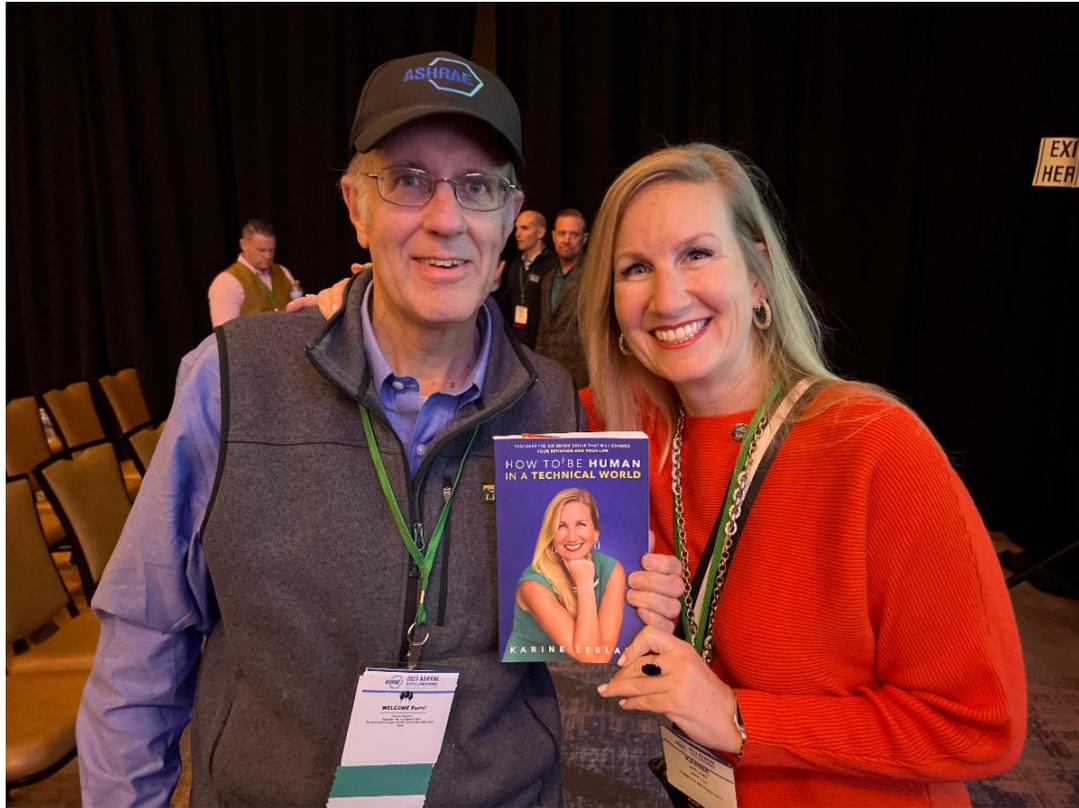

Please note that neither Region I nor I receive any compensation from the sale of this book.

This book is a MUST read for engineers & ASHRAE Members!

The author, Karine Leblanc, PE, is a seasoned ASHRAE member, former ASHRAE DRC (Director & Regional Chair) Region X, Distinguished Lecturer, and has served on many ASHRAE committees over the years.

Karine is also one of ASHRAE's Professional Development course instructors. Click below link to view her bio: <https://www.ashrae.org/professional-development/learning-portal/instructor-led-training/ashrae-instructors/karine-leblanc-p-e-member-ashrae>

Yours in ASHRAE!

**Good Morning:**

“Welcome to the ASHRAE Region I Newsletter!

I'm Steven Sill, the Director and Regional Chair  
(DRC) for Region I of ASHRAE.

Region I is the oldest Region in ASHRAE. It has 15 Chapters and over 5,100 members

encompassing all the Northeast.

## Region I ASHRAE members:

The ASHRAE Winter Meetings and AHR Expo that was held in Atlanta was a great success. The Winter Conference had over 3,100 registrations, AHR Expo had over 35,000 people in attendance making it the biggest in recent history. The Joint Region I,II,III and XII dinner had over 60 in attendance and I would like to say thank you to all off the sponsors especially Belimo for making it a great time.

Members of the Region, if you had not donated to Research and Promotion yet I urge you to do so. Your contribution helps ASHRAE Society fund independent research that aids in advancing the arts and sciences of our built environment. If you have any questions, please contact your Chapter's RP Chair or Andy Manos the Regional Vice Chair for RP.

Lastly Region I 's membership has been declining this Society year. I have tasked the Region's Membership Chairs to reach out and assisting delinquent members about possible different levels of membership within Society. If you have not had a chance to pay your dues yet I encourage you to do so as this a great value for your career. In doing so gains you access to a 52,000-member network, ASHRAE handbook, standards, and ALI Learning courses.

Lastly, I want to acknowledge and say thank you for all you do in ASHRAE.

Cordially,  
Steve Sill

## **Region I CRC Poll Question**

For those that will be attending the 2023 CRC in Connecticut, we are gauging interest in hosting a golf outing on Wednesday afternoon, August

16, 2023. We would play a leisurely game of play your own ball the day before the CRC, starting at noon. This will not be tournament style. This will be a first come first serve as tee times would be limited. If you are interested, please contact Eric Fontaine at [efontaine@vanzelm.com](mailto:efontaine@vanzelm.com).

Please respond by close of business, Friday, March 3.

Thank you for your feedback!
